

Fuel Subcommittee Report

CIBO Energy and Environmental Meeting

Arlington, VA

March 22-23, 2016

The First Webinar

Presented by Black & Veatch
March 3, 2016

- Black and Veatch made a presentation entitled “Strategic Directions Survey Results & Current Natural Gas Industry Outlook”
- Doug Friedel and his colleagues Denny Yeung and Neil Copeland made the presentation.
- We had 23 people on the call.
- Doug will be providing a brief overview of the presentation

Future Topics for Discussions

- Next Webinar will be a discussion of the alternative fuels per the Non Hazardous Solid Waste Regulations.
- An Overview of the Section 45 – Tax Credits
 - The Tax Credits was the critical driver in the past at looking at alternative fuels
 - What is the Status of these provisions?
 - When (or if) the Section 45 Credits are reopened are there areas of interests for our members?
- Senate Bill 1202

Focus Group

- As part of the discussions of future activities of the Fuel Subcommittee and the Energy Committee, we are looking at a Focus Session dealing with CHP, Demand Side Distributive Generation, and Smart Grids

Discussion Time

Suggestions

- We need your suggestions and recommendations as to:
 - Topics to be covered
 - Technologies to seek information about
 - Regulatory issues and concerns
 - Potential presenters
